

Sionfonds for Haiti

December 28, 2010

Looking Forward and Back

2010 has been an unforgettable year, full of tremendous loss and devastation as well as growth for Sionfonds and for Haiti. We are so grateful for the open hearted and immediate response to the suffering families in Haiti by people from around the world. In 2011 we will continue helping Haitian families to become self-sufficient. Sionfonds' work in Haiti began well before the earthquake last January and will continue. To do that we need your continued support, Sionfonds serves as a direct link for you to help people in Haiti; 100% of your donations go directly to Haiti.

Time is running out to make a donation in 2010! Do it today

2010

Looking back at 2010 we all have good reason to be proud of Sionfonds' work in Haiti. We were able to respond immediately to help earthquake victims, feed and shelter those in need, and continue to support Foyer De Sion Orphanage and our schools in Masson, Cavaillon and Lavanuea all year. We brought two medical teams to Haiti, creating mobile clinics in remote areas where no other medical or dental care is available.

We all can be proud of our accomplishments because none of this would have happened without your support. Really, it is you and people just like you that make the difference for the families we serve in Haiti.

2011

With your donations we will continue to meet the needs of the families we serve. We are also expanding our programs and beginning several exciting projects in partnership with grassroots organizations in Haiti.
